MICHAEL FRIDJHON, RMB WINEX SHOW DIRECTOR, REFLECTS ON THE LAST 20 YEARS:

"It's been an extraordinary two decades, with the current wine industry almost unrecognisably different from the one which filled the Sandton Convention Centre - shortly after it opened its doors for the first time - in October 2000. In that long-forgotten era there were half the number of wineries we have today, but more than a thousand more grape growers. Our vineyard area was 10 percent bigger, but paradoxically total production was 30 percent less. Wine exports were a fraction of what they are today, and buyers wanted the comfort of long-established brand names, rather than the adventurous offerings of newcomers, craft producers and artisan winemakers."

40 of the 2019 RMB WineX exhibitors attended the inaugural show in 2000. 20 of these have participated each year.

They are the 20/20 Club.
