RESPONSIBLE CONSUMPTION

Useful information

The body can process only one unit of alcohol each hour. Alcohol units per drink type:

- 1 x 75ml serving of wine = 1 unit
- 1 x beer = 1.5 units
- 1 x 25ml shot of spirits = 1 unit

Know your limits

The legal BLOOD alcohol limit in South Africa
< 0,05g per 100ml.

The legal BREATH alcohol limit is South Africa
< 0,24mg in 1,000ml.

This equals

2½ 75ml glasses wine

Useful tips for safe wine tasting

Infographic with five tips for safe wine tasting:

- Eat before and while you are drinking*
- Track your alcohol consumption*
- Drink lots of water*
- Only consume one unit of alcohol per hour*
- Book a cab or nominate a designated non-drinking driver to drive you home*
